The annual day of love, Valentine's Day, is just a few days away, so we are sharing with you some great last minute ideas to wow your other half or to help you celebrate with your nearest and dearest.

From a delicious homemade dinner to a classic movie/dinner combination or a romantic picnic and stroll along the beach, read on below for our favourite ways to celebrate Valentine's Day!

Cook a homemade dinner:

This is one of our favourite date night ideas as it provides the opportunity for some great one-on-one time with your loved one while enjoying a big glass of wine and beautiful food.

We love beginning the night with some delicious snacks like

our Chris' Heritage Dips, paired with a cheese platter and some tasty crackers. Our top picks include our Heritage Vintage Cheddar and Caramlised Onion or Blue Cheese, Fig & Pistachio Dips.

Next up serve your partner's favourite dish and don't forget to include a mouth-watering dessert like cheesecake or Tiramisu. End the night by putting on a great movie, relaxing on the couch and spending some quality time together.

As this date is low-key, it's vital to add that extra special touch by setting the table nicely and adorning the area with candles, flowers and soft lighting for an intimate and romantic feel. Also ensure that you plan ahead and prepare as much in advance as you can so you are not stuck in the kitchen the whole evening.

Spend a night on the town:

If dining in or cooking is not your forté, you can't beat a classic movie and dinner date combination. Mix it up by heading to a new location and go to a restaurant you've both been dying to try. Make sure you splash out and try multiple courses and dessert, ensuring you have plenty of time to relax, enjoy a movie, good food and each other's company!

Have a picnic by the beach:

If the weather permits, why not celebrate throughout the day and head to the beach with a picnic rug and feast in tow for a beautiful day in the sun. You can bring a book or magazine and spend the day lying on the beach, people watching and swimming in the sea. As the day draws to a close, why not walk along the water together and pop open a bottle of champagne and make a toast to one another!

How are you planning on spending Valentine's Day this Sunday? We'd love to hear your favourite ideas. Comment them below.
